PROFESSIONAL SUMMARY

Detail-oriented Frontend Developer with strong visual judgment and expertise in AI evaluation, data annotation, and UI quality assessment. Experienced in building and evaluating modern web applications using Next.js, JavaScript, and Tailwind CSS. Skilled in applying structured guidelines, assessing AI outputs for accuracy and safety, and maintaining high consistency across workflows.

CORE SKILLS

- AI Evaluation & Data Annotation
- Visual Quality Assessment
- Guideline Adherence & QA
- UI/UX Analysis
- Analytical Problem Solving
- Communication & Reliability

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, Next.js, Tailwind CSS

Backend: Node.js, REST APIs, Firebase, Supabase

Programming: Python

Tools: Git, GitHub, VS Code

Other: Responsive Design, Performance Optimization, AI Prompting

LLM & AI EXPERIENCE

- Designed multi-turn conversational flows simulating real-world AI systems
- Evaluated AI outputs for correctness, clarity, and alignment with guidelines
- Implemented function-calling logic using structured JSON workflows
- Created edge cases to improve model robustness

PROFESSIONAL EXPERIENCE

Research Quality Specialist – Turing AI

November 2025 – Present

- Reviewed research prompts and rubric criteria for accuracy and consistency
- Identified vague standards and misaligned scoring
- Refined and rewrote evaluation criteria with clear reasoning
- Participated in calibration processes for quality alignment

Data Annotation / QA Expert – Mindrift

December 2024 – September 2025

- Evaluated search results to improve ranking systems
- Reviewed product categorisation accuracy
- Assessed AI outputs for safety, helpfulness, and factuality
- Provided feedback to improve annotation quality

Director / COO – VUR Global Ltd

January 2020 – November 2025

- Scaled operations and built structured systems
- Led digital initiatives for customer acquisition
- Managed partnerships and business growth

Sales Representative – WCL Global

January 2018 – August 2019

- Achieved high conversion rates (~30%)
- Maintained strong client relationships

Human Resource Manager – Sagefour

February 2015 – October 2017

- Managed recruitment and onboarding
- Coordinated team operations

PROJECTS

Laundaland – Laundry Service Platform

- Built a platform for scheduling and tracking laundry services
- Focused on usability and structured workflows
- Live: <https://laundaland.vercel.app>

ShopEase – E-commerce Application

- Developed product browsing and cart system
- Focused on UI clarity and responsiveness
- Live: <https://shopease-psi-gray.vercel.app/>

EDUCATION

BSc Computer Science (Final Year) – National Open University of Nigeria

Pharmacy (Incomplete) – University of Nigeria, Nsukka
